

Room 6 Spelling Programme

Dear Parents/Caregivers,

This term Room 6 will be changing it's Spelling Programme. At the end of Term 3 the class were tested to determine what list they will be on.

Each week your child will be given at least 7 words from the list and 3 words from misspelt words in their writing. There will be words in their list that they have had before, however, the focus is on: syllables, word meanings, synonyms, plurals, singular of words, suffixes, parts of speech and how it is used in sentences etc

Their words for the week will be supported by related activities in class.

Your child will need to have their notebook to put their new words in every week. Spelling words will go out Monday and then brought back to school for testing on the Fridays.

These are some helpful websites to help with your child's spelling:

www.spellingcity.com

www.kidsspell.com/spelling-games/cast-a-spell

If you have come across any other online sites please let me know I can post it up on our class blog.

Thanks for all your support.

Kind Regards,

Ula Lologa
